

## **Walking Tour Outline – Hogan’s Alley, Vancouver BC**

*Tour Guides: Lama Mugabo (Hogan’s Alley Walking Tour Facilitator)*

### ***Walking Tour Description***

Step into the vibrant and complex history of **Hogan’s Alley**, once the heart of Vancouver’s Black community. This guided walking tour traces the cultural, political, and social life that thrived in this neighborhood before it was largely demolished by the construction of the Georgia and Dunsmuir viaducts in the 1970s.

This tour is not just about remembering what was lost—it's about recognizing what is still possible. From the **Black Strathcona Resurgence murals** to the **Hogan’s Alley Block redevelopment**, we highlight how the community is reclaiming space and reimagining its future through affordable housing, a Black cultural center, and collective ownership models.

Whether you're a local resident, a visitor to Vancouver, or someone curious about the city's untold stories, this tour offers an opportunity to witness the legacy, erasure, resistance, and renewal of Hogan’s Alley

### ***Safety & Etiquette Note***
